

## Careers in Construction Southwest WA

Our charity is collaborating with High Schools in Southwest Washington to create well rounded C.T.E programs for students to learn both the hard and soft skills that employers desire.

Previously the construction programs in schools got kids to a "hobby ready" level. Now with the new curriculum students will be learning hands on field work skills, design/drafting, budgeting, leadership/management skills and more!

Our goal is to set up the students for their greatest chance of success. Giving them the skills and networking opportunities to meet with top employers in our area, so that they can obtain quality jobs in the building industry upon graduation.

## How to Help

Donate Here

Would you like to support the Careers in Construction Charity?

Click on the above button to donate.

Every little bit helps to support us in getting resources out to the kids in our community.

Together we are making a difference!
