

## Careers In Construction Is Quail's Charitable Arm, Focusing On Workforce Development In Southwest Washington

**Careers in Construction Core Purpose:** Work with local schools to increase student participation, advance facilities, curriculum, and networking so that students can obtain quality jobs in the building industry upon graduation.

### Support Our Schools Vote Yes on the Hockinson School District Bond

Dear Community Members,

We are reaching out to share an exciting opportunity to support the future of our students and our community. If you live in the Hockinson School District, we encourage you to vote YES on the upcoming bond measure.

One of the key initiatives this bond will fund is the construction of a Skilled

Trades Building at Hockinson High School. This state-of-the-art facility will provide students with hands-on learning opportunities and teach essential job readiness skills in areas such as:

- Framing
- Plumbing
- Welding
- Electrical work

Skilled trades are in high demand, and facilities like this prepare students for successful careers in these fields, giving them a strong foundation for their futures. This building will ensure Hockinson students have access to the same valuable resources already available in nearby districts, including Hudson's Bay, Fort Vancouver, Ridgefield, Battle Ground, La Center, and Evergreen.

Investing in this bond means investing in our students, our schools, and our community's future. Let's come together to ensure Hockinson High School has the resources needed to help students thrive in an ever-changing job market.

Remember to cast your vote and help make this vision a reality. Your support can make a lasting impact!
